Komplettsets

U.S. Kids Golf UL7 Starterset Ultralight UL42, 107-115cm

Markenname: U.S. Kids Golf

U.S. Kids Golf - macht aus den Kleinsten die Größten

Die Ultralight Series von U.S. Kids Golf erleichtert durch ihr spezielles Größenangebot den Einstieg und das Erlernen des richtigen Golfschwungs für den jungen Golfeinsteiger ab 100cm Körpergröße bis hin zum Jugendlichen mit 168cm. Die U.S. Kids Schläger sind entsprechend den unterschiedlichen Körpergrößen von Kindern in ein einfaches Farbsystem eingeteilt. Alle Schläger aus allen Farbsegmenten sind für Rechts- und Linkshänder erhältlich.

Die Ultralight Series 42 ist für junge Spieler zwischen 107-115cm Körpergröße. Die Schlägerköpfe sind 25% leichter als bei einem Erwachsenenschläger.

Das Starterset enthält

- **Fairway Holz 3**
- **Eisen 7**
- **Pitching Wedge**
- **Putter**
- **Standbag mit 3-fach Divider**

Design und Technik

Gerade im jugendlichen Alter ist ein jährliches Fitting sehr wichtig, um einen konstanten Fortschritt in der Schwungbewegung und Schwungebene zu gewährleisten.

Die Schlägerkopfgewichte von U.S. Kids Golf werden mit zunehmender Länge der Schäfte um jeweils 5% schwerer, sind aber bis zu 30% leichter als der normale Erwachsenenschlägerkopf. Dies führt, kombiniert mit angepassten Compositeschäften, bei einer langsameren

Schwunggeschwindigkeit zu deutlich mehr Schlagweite und somit zu mehr Spielfreude und Erfolg.

Um Kindern und Jugendlichen das Erlernen eines sauberen Abschlags zu ermöglichen, sollten gerade Driver, ähnlich wie bei Erwachsenen, nicht zu lang sein. Mit der 2/3 Lösung empfiehlt U.S. Kids Golf bei der Ultralight Series für Golfanfänger daher z.B. für einen 130cm großen Jugendlichen einen Driver in 86cm Länge. Alle anderen Schläger innerhalb eines Farbsegmentes sind jeweils längenangepasst.

Schlankere Griffe sorgen zudem für besseren Halt. Die Hölzer mit ihrem birnenförmigen Design gewährleisten mit ihrem tiefen Schwerpunkt ein leichteres Treffen und höhere Abflugwinkel. Das Design der Eisen mit noch mehr Gewicht in der Sohle und dem flacheren Lie-Winkel (Winkel zwischen dem Schaft und der ganzen Sohle am Boden) sorgen dafür, dass auch die jüngsten Spieler besser unter den Ball kommen.

Die leichten Taschen von U.S. Kids Golf haben kindgerechte, verstellbare Schulterriemen für eine aufrechte Haltung beim Tragen.

Driver

- technisch überarbeitete Form und Aerodynamic der Schlägerköpfe
- höherer Loft und leichterer Schlägerkopf für höhere Fehlerverzeihung
- optimierte Center of Gravity Platzierung mit Unterstützung der Trackman Technologie sorgen für einen ideale Launch Winkel und unschlagbare Weiten
- dünnere Schlagflächendesigns ermöglichen noch mehr Ballgeschwindigkeit
- dünnere Schlägerkronendesigns lassen die Bälle noch höher und weiter fliegen
- den Schlägerlängen entsprechend angepasste Schaftfrequenzen bewirken beste Abflugwinkel und Ballspins

Fairwayhölzer und Hybriden

- dünnere Schlägerkronendesigns lassen die Bälle noch höher und weiter fliegen
- den Schlägerlängen entsprechend angepasste Schaftfrequenzen bewirken beste Abflugwinkel und Ballspins
- die Center of Gravity Position wurde mit Hilfe der Trackman Technologie optimiert

- dünnere Schlagflächendesigns erhöhen die Ballgeschwindigkeit

Eisen

- leichtere Köpfe mit erhöhtem Loft und flexiblen Schäften fördern die richtige Schwungmechanik
- weiter entwickelte Schlägerkopfform mit breiter Sohle und weichen Vorderkanten verbessern den Bodenkontakt und erhöhen die Fehlerverzeihung
- die Center of Gravity Position wurde mit Hilfe der Trackman Technologie optimiert
- dünnere Schlagflächendesigns erhöhen die Ballgeschwindigkeit
- den Schlägerlängen angepasste Schaftfrequenzen begeistern durch ideale Abflugwinkel und beste Spinkontrolle

Wedges

- verbesserte Grooves ermöglichen noch mehr Einsatzvariationen und bieten noch höhere Fehlerverzeihung
- die völlig neu designten abgeschrägten Führungskanten verhindern zuviel Bodenkontakt auf dem Fairway oder im Sand
- die Tour erprobte Schlägerform Trop Shape erhöht das Selbstvertrauen beim Schlag und die Zielgenauigkeit
- eine matte Nickellegierung verhindert eine Blendung durch Sonneneinstrahlung und sorgt für längere Hatbarkeit

Sandhill Putter

- das erhöhte Schlägerkopfgewicht verbessert das Puttgefühl für Geschwindigkeit und Schlaglänge
- gut erkennbare Alignment Linien erleichtern die Ausrichtung und das Zielen
- die Tour erprobte Half-Mallet Schlägerkopfform gibt Selbstvertrauen bei der Zielausrichtung
